Work with the leader in sustainability

Cedar Sales is committed to sustainability. Designers and builders can specify our Western Red Cedar and Hemlock products with confidence. Our entire range has Chain of Custody FSC® or PEFC™ Certification.

FOREST STEWARDSHIP COUNCIL (FSC®) ACCREDITED SUPPLIER

FSC® Chain of Custody is an information trail about the path taken by products from the forest to the consumer. FSC® certification provides a credible guarantee to customers that products originate from well managed forests, controlled sources, reclaimed materials, or a mixture of these. Compliance with this standard provides a consistent, international basis for independent, third party verification of claims about the sourcing of wood/fibre material and products. Visit the FSC® website for more information.

responsible forestry

THE PROGRAMME FOR THE ENDORSEMENT OF FOREST CERTIFICATION (PEFC™)

PEFC™ is the world's largest forest certification system. PEFC™ works throughout the entire forest supply chain to promote good practice and ensure products are produced with respect for the highest ecological, social and ethical standards. Our PEFC™ rating helps consumers to identify our products as being from sustainably managed forests. Visit the PEFC™ website for more information.
